General Information

VOC Free Contact Cleaner is a fast-evaporating, nonflammable cleaner that penetrates, cleans and degreases, without leaving a residue. VOC Free does not contain VOCs and is an excellent alternative to HCFC 141b cleaners. VOC Free is specially designed for cleaning electrical equipment and fine precision parts. VOC Free is safe to use on most surfaces, but may be harmful to some plastics. Because of its superior wetting action, VOC Free penetrates into minute spaces for thorough and effective cleaning.
