

TAPMATIC *TriCut* CUTTING FLUID and PASTE

High performance cutting fluid and paste designed to effectively lubricate severe metalworking operations.

- Excellent for stainless steel and other hard to machine metals
- Not recommended for aluminum
- Provides smooth, accurate cutting action
- Flows directly to cutting edge
- Extends tool life
- Improves surface finish
- Allows increased removal rates
- Reduces friction
- Suitable for high and low speed applications

Tapmatic TriCut Cutting Fluid is available in these sizes:

16 fl. oz. liquid (0.473 liter)	Part No. 05316
1 gal. liquid (3.78 liters)	05328
16 oz. paste (0.473 liter)	05310

Typical applications where Tapmatic TriCut Cutting Fluid can be used:

- Boring
- Broaching
- Drawing
- Drilling
- Engraving
- Facing
- Grinding
- Milling
- Reaming
- Sawing
- Stamping
- Tapping
- Threading
- Turning

General Information

LPS Tapmatic TriCut Cutting Fluid: is a dark, viscous liquid which contains an effective extreme pressure additive package. TriCut is designed to flow directly to the cutting edge, providing lubrication which improves cutting performance. The TriCut cutting fluid squeeze bottle allows the product to be applied directly to the cutting operation, providing maximum efficiency.

LPS Tapmatic TriCut Cutting Paste: is a soft lubricant designed to provide clean, precise cutting in the most severe reaming, tapping and drilling operations. TriCut paste clings to the cutting tool and work piece, reducing friction and lengthening tool life.

Material Safety Data Sheets are available upon request.

Properties

Appearance:

Dark Brown

Odor:

Paste - Mild Berry

Liquid - Mild Berry

Solvent:

none

Storage:

32°F (0°C) to 130°F (54°C)

4 - Ball Weld Load:

(10% in spindle oil) 315 kg
